Term of Payment

T/T 100% 1 week before shipment

Our Quality

Our remaining fabric offered is a surplus stock fabric which came from our standard stock of equal high quality to our normal export grade-fabric. Hence, customer may expect high quality goods, as it is not defect nor reject lot.

We accept any custom design

MOQ for new lot production is 800 - 1,000 yards/design/color

We create our designs and color employing the latest computer aided design systems (CAD) in our designs studio within the product development work to create various designs for all types of our customers.

Sample Fabric Delivery

Customer may request to see the sample of their intested fabric by pay only the courier fee to us by using Paypal. This fee will be refunded as your actual order discount. But it will not be returned without placing any order.

Handloom Samples: are provided upon request before actual production begins

Salesman or Pilot Samples: are also available upon request (including service fees).

Product Inspection Certificate:

If a formal test and inspection of the quality of fabric is required, we will send a sample of the finished product to TTIS, SGS or OMIC COPIT, textile research and testing laboratories which issues a formal certificate on fabric quality for a small service fee.

Our update stock

This price list is developed as of Aug,6 2009. Please confirm the actual remaining quantity with us again upon Purchasing our product.

Our clients

Our main clients are small to medium shirt manufacturing firms who export their products to Japan and European Market.
